

HIGH-PERFORMANCE

Powerful and adjustable lighting

Eco low energy
light bulb :
30% energy saving

HIGH-PERFORMANCE

Halogen new generation

JOKER is equipped with a new generation of low energy economical bulb, enabling to save 30 % consumption compared with the traditional halogen sources.

LIGHTING QUALITY

Comfort and well-being

JOKER diffuses a warm light, very pleasant and eye-safe. Its asymmetrical lighting eliminates glare and limits the contrasts, avoiding eyestrain and headaches.

JOKER is equipped with a double intensity tactile switch, enabling to diffuse 70 % or 100% of the luminous flux according to the user's needs. Anti-UV glass.

DESIGN

A timeless best-seller

Its pure lines, its harmonious proportions and its rounded shapes make JOKER an indispensable product that will perfectly fit any type of office. Tilting head and arm. No screws visible.

2 outputs : 70 and 100% of the light intensity

Articulation guaranteed 20,000 movements

*“A powerful lighting and an entry-level purchase price:
JOKER offers an excellent value for money.”*
