THE INDUSTRIAL  
MEDICINE**

Modele déposé © 2004

Ref. 100340816

## TECHNICAL FEATURES

Origine

Guarantee

10 years

### MATERIAL

Structure in PP, pads made of non-skid PVC

### DIMENSIONS

Width 42 cm x Depth 32 cm

Adjustable in height from 10 to 16 cm

Adjustable in inclination from 0° to 25°

The use of a foot-rests avoids muscle strain cramps and fatigue from the legs

It improves your posture and circulation by keeping feet and legs elevated.

The EU Directive 90/270/EEC recommends for VDU workstations that « a footrest shall be made available to any operator or user who wishes one. »

Ergonomic concept developed in association with the Industrial Medicine.

Non skid surface.

The platform tilt can be adjusted to any desired angle which enables to optimally support the lower limb.

Easy and quick adjustment with the feet : rotation system!
