

URBAN LED

Design by UNILUX in France

«URBAN LED: Careful and original design.
Fits any kind of desk (size, style, colour).»

LED

Economic and efficient

URBAN LED is supplied with a LED 8W: the lighting quality of LED is combined with a low energy consumption, compared with a halogen or incandescent lighting material. URBAN LED lamp ensures a perfect lighting diffusion. No glare and better visual comfort.

DESIGN

Fruit of a French collaboration

Design made in France (FRESH Agency). The simple arm of the URBAN LED lamp is fitted with a high and low double articulation allowing an optimal adjustment of the product.

ERGONOMIC

Double articulations

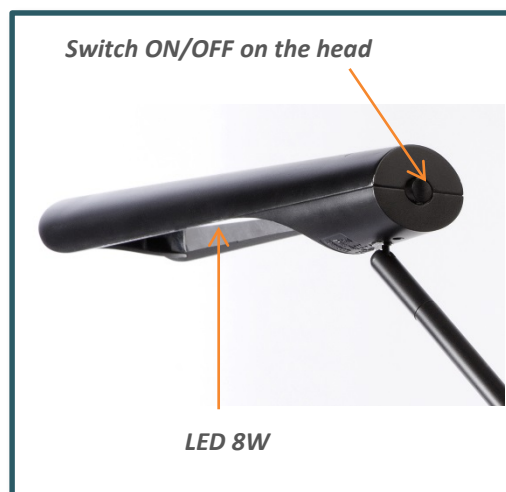

Arm tilting and swivelling at 360° on the base. Adjustable head. Switch of easy access, located behind the head. Round small ballasted base. Available in 4 colours.
