

CHRYSALIS

«The result of our work with *Occupational Medicine*, CHRYSALIS contributes to fight against TMS*» * TMS is Tension myositis syndrome

ERGONOMIC

Prevents musculoskeletal disorders

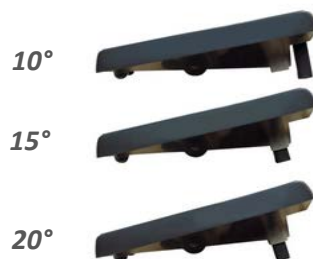

The daily use of the CHRYSALIS footrest prevents muscle and back pain associated with poor posture. Designed in partnership with '*The Industrial medecine*', it enables better resting lower leg position.

FUNCTIONAL

Adapts to all body types

CHRYSALIS is adjustable in inclination (10°, 15°, 20°). The extremely simple adjustment allows this footrest to adapt to all morphologies.

Adjustable in height

MOVEMENT

Its tray is equipped with a non-slip support surface that holds the feet in place naturally. Pads located below the structure ensure product stability once placed on the floor, regardless of the surface of the room.
