

JOKERLED 2.0

Design by UNILUX in France

*« A powerful lighting and a subtle design. 2.0 LED Joker offers an excellent quality/price ratio »
+ LED module exchangeable*

PERFORMING

Economic when it's on and off

- Switched on

This new version of the Led Joker lamp is equipped with even more performing LED: they lighten more: 650 lumens and their electric consumption is very low = excellent luminous efficacy of 108 lm/W.

Advantage: the LED module can be replaced as easily as a bulb.

LIGHTING QUALITY

Comfort and wellness

2.0 Led Joker diffuses a warm lighting very pleasant and without danger for the eyesight. The asymmetrical lighting eliminates glare and limits the contrast avoiding eyestrain and headaches.

DESIGN

Modernised version of a best seller

2.0. LED Joker was restyled by the famous French designer internationally known Patrick Jouffret. He perfectly managed to modernise the lines by keeping the rounded shapes and harmonious proportions that made it a very successful lamp. 2.0 Led Joker is an essential model that will perfectly fit any office.
